OXFORD UNIVERSITY PRESS

publications for the church musician

Choirs have for many years used the famous *Oxford Anthems* and *Oxford Easy Anthems*. These two series, which are now edited by David Willcocks, provide a wide range of anthems, most (though not all) of which are by contemporary composers.

The *Oxford Church Services* series, also edited by David Willcocks, contains many interesting new settings of the Canticles and of the Communion Service.

The separate issues of *Tudor Church Music* have been widely used in churches and cathedrals ever since their publication more than thirty years ago. A number of titles which were for a time unavailable are now being reissued.

Oxford University Press acts as publisher to the *Church Music Society*. The selected works published by the Society are of the greatest interest and value.

As well as vocal music, the Oxford University Press publishes much *Music for Organ*, with and without pedals. The albums of collected pieces suitable for special occasions—weddings, Christmas, memorial services, and the like—are worthy of particular note.

Details of all works for choirs, including a number of cantatas and other works not in any of the series listed above, are given in the catalogues 'Oxford Church Music' and 'Oxford Music for Christmas'. Details of all publications for organ are given in the catalogue 'Oxford Organ Music'. Copies of these catalogues will be sent without charge on request.
